

STREAMLINE YOUR INVESTIGATIONS

Automated briefs of evidence

Advanced evidence mapping

Flexible and customisable software

Step-by-step investigation management

Trusted around the globe

A custom workflow that automates administrative tasks, accelerates the investigative process and automatically generates the brief of evidence.

Mapping evidence to elements ensures clarity and strengthens the case. Maintain visibility over your team's workload and progress.

Comtrac users are enabled to fully configure forms, workflows, labels and brief of evidence templates.

Why Agencies are Using Comtrac

Comtrac is a comprehensive Digital Investigation, Evidence and Brief Management Solution.

Implemented by Commonwealth and State Government Law Enforcement and Regulatory Agencies across Australia, Comtrac provides a methodology that automates administrative tasks, accelerates the investigative process, and automatically generates briefs of evidence.

Comtrac streamlines investigations by providing transparency on what elements to prove, what has been proven and what is left to be proven.

Comtrac can be customised to meet your agency's needs and can integrate seamlessly with existing client systems.

Our team is dedicated to providing users with the best possible experience and continues to work on innovations that make evidence management easier than ever before.

We are fully Australian owned and operated.

Book Your 15 Minute Discovery Call

We will discuss your current Investigation workflow and show you how Comtrac is streamlining investigations for agencies similar to yours.
